## 1. Introduction :

PPC Limited and Subsidiaries's Broad Based Black Economic Empowerment verification has been based on the Amended Construction Sector Codes of Good Practice for Broad Based Black Economic Empowerment Gazetted on 1 December 2017.

All BEE statistics (especially Supplier information) was collated in a comprehensive information gathering initiative to allow accurate scoring on all objectives and themes. With the increased emphasis by Government on broad based BEE, such figures must remain accurate and easily available for future measurement and reporting initiatives. The measurement period used for all financial information is 1 April 2019 to 31 March 2020.

This report is the result of an independent and impartial verification of the BBBEE status of the measured entity measured against the Codes of Good Practice on Broad Based Black Economic Empowerment. The objective of our verification is to verify the validity and accuracy of the BBBEE status represented by the measured entity. EmpowerLogic is not responsible for ensuring completeness of information provided to support the BBBEE status.

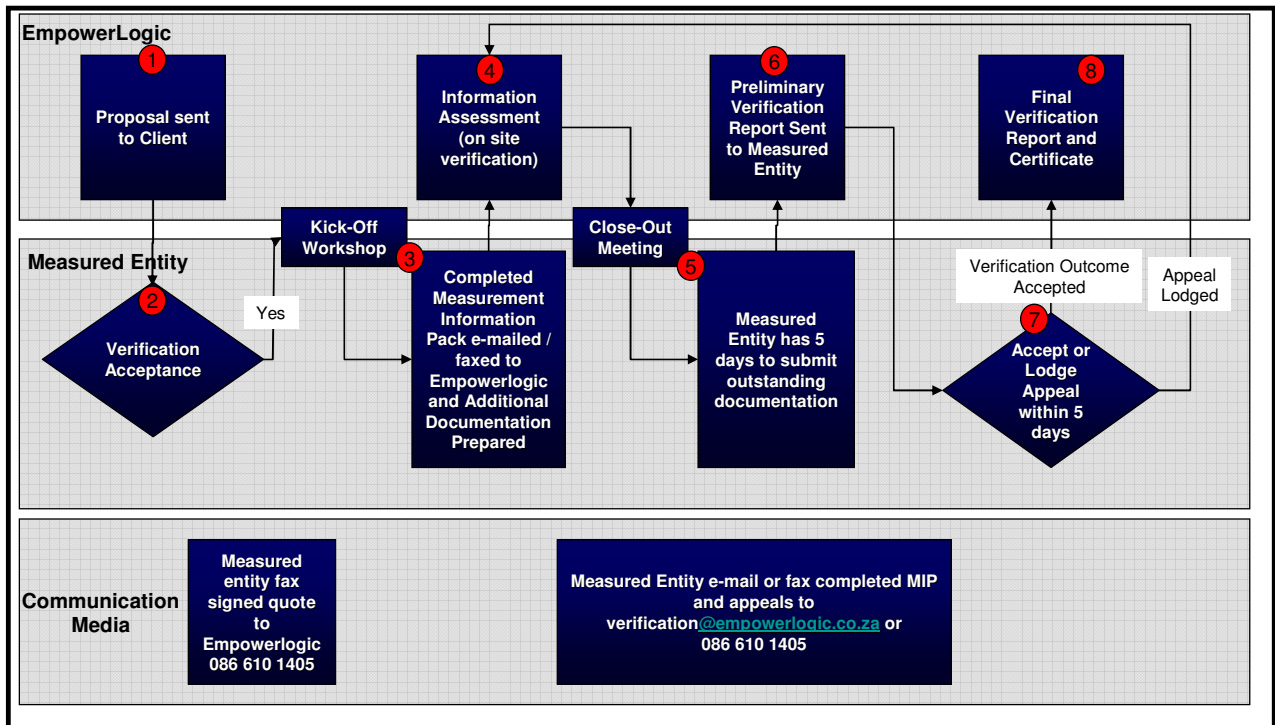

All the information contained in this document has been collected from sources within PPC Limited and Subsidiaries and believed to be accurate and reliable at the time of the measurement.

All referencing to Black individuals is based on the generic term used to refer to African (A), Indian (I), Coloured (C) and Chinese (C) South African citizens.

The verification for PPC Limited and Subsidiaries was based on the following elements:

- *Equity Ownership – % flow of economic benefits and voting rights;*
- *Management Control – % black board composition, black executive management and measurement of Senior, Middle and Junior Management against EAP targets.*
- *Skills development - Skills development expenditure as a proportion of total payroll leviable amount and black people participating in Category B,C and D.*
- *Enterprise and Supplier Development*
  - *Preferential Procurement – Weighted Preferential Procurement spend based on the BEE Procurement Recognition Levels;*
  - *Supplier Development – Annual recoverable and non-recoverable contributions to Supplier Development as a % of NPAT;*
- *Socio Economic Development - Annual non-recoverable contributions to Social Development as a % of NPAT.*

Quantifiable skills development expenditure could be identified for black employees for the period under review at the time of the measurement, the Adjusted Recognition for Gender (ARG) principle is applicable to the indicators in table 5.3.2.

The indicators for Skills Development uses the Adjusted Recognition for Gender (ARG) principle being:

$$A = (B/F) + C$$

B = skills development expenditure on black employees in measurement category

F = ARG Factor (see table below)

C = skills development on black women employees in measurement category
